

2019 BIOS

Laura ElHaje

Hi, my name is Laura ElHaje and I am interested in running for the DFSC board for the 2019 term. I have loved learning more about the sport my daughter is so dedicated to, and I have enjoyed trying to bring so many opportunities to all of our skaters. I would really like to be able to continue promoting the sport and supporting our members in all of the skating disciplines. I will work hard to help all of our members enjoy their skating experiences. I am hopeful to see more and more athletes get a high school letter, slowly it is happening!

A little about me; I work as an aide for severe special needs children in Douglas County, and teach art lessons to both typical and special needs students. I enjoy traveling with my family and exploring new places. I have two children and I love traveling to support Torie's synchro team at competitions and standing on the sidelines and rooting at Andy's soccer games. I briefly skated when my family moved to Littleton, but that was many years ago! I have made so many wonderful friends through skating, it is a fabulous community, and I enjoy giving back.

I hope to continue to serve you on the DFSC board.
Thank you!

Lisa May

I would be honored to continue serving on Denver FSC Board of Directors. Denver FSC has been part of my life since returning to Colorado in 2001. I have spent 15 years on the DFSC board and enjoying seeing our club move in a positive direction.

I have been a skating coach for over 20 years and spend quite a bit of time volunteering as a USFS Tech Panel official. In my non-skating life, I am the director of B-Elite Soccer Academy - which allows me to focus some energy on the sport which my children love - and I also work part time in an Oil & Gas business. I couldn't do any of it without the support of my husband, Andy, and my two boys (14 and 12).

Randy Rozen

Randy Rozen is a Double Diamond realtor with American Finance specializing in residential real estate. He has B.S. and M.A. degrees in Forensic Anthropology. He is originally from Boston, MA and has lived in Colorado for 18 years. Randy lives with his wife of 23 years and they have one child, Hannah, age 11.

Randy became involved with figure skating in 2014 when he took his daughter to skate and she fell in love with it. Randy grew up playing hockey and still plays 2-3 times a week on a men's league. Randy has developed a deep appreciation for the sport of figure skating from watching his daughter fly through the air.

Randy also enjoys playing golf, skiing, fly fishing, and spending time with his family and two dogs.

Lana Schoch

Hi! I'm Lana Schoch, my daughter Samara has been skating since she was 4 years old and we have both been a member of the Denver Figure Skating Club for 10 years. I was born and raised in a small town called Willow Bunch Saskatchewan in Canada. I loved figure skating from the first time I skated! I did not get to experience all the wonderful thing Samara and the kids here have being part of such an amazing skating club!

I am a RN, and I work at the University of Colorado Hospital as the manager of the Liver Transplant Program. Working as a nurse brought me to Colorado in 1997!

I enjoy and love the time I spend at the rink watching and cheering on all the skaters! There is nothing I enjoy more!

Amy Schneider

Amy has been coaching for 31 years and has been at South Suburban Ice Arena since 1992. She has spent 18 years choreographing for Showtime On ice and 14 years as Performance Director. Amy is a member of the Denver Figure Skating Club and member and rated coach of the Professional Skaters Association. A U.S. Figure Skating Gold Medalist in Freestyle, she spent 4 years performing in both the national and international touring companies of Walt Disney's World on Ice. She received her Bachelor of Arts degree in Human Performance & Sport from Metropolitan State College. Amy is married to fellow coach Billy Schneider, and has two children, Phoebe and Charlie. Amy has served on the board for the past six years and finds it a rewarding way to give back to the sport she grew up in. She has been a skater, skating parent, and coach, making her a knowledgeable and diverse addition to the club board.
